MESSAGE FROM THE CHAIR

I am pleased to report that Canberra Convention Bureau achieved a sales result of \$56.2M and 89,727 room nights in 2018-2019 over achieving sales by \$9.7M. Winning Dragon

Boats and Lions boosted future results significantly and we remain confident of strong sales and future targets of \$52M annually. The \$6M upgrade of the National Convention Centre Canberra were implemented as a short term fix and we remain staunch advocates for a new facility befitting our capital. A modern meeting place in the nation's capital that provides greater flexibility to host multiple and larger conventions is necessary, if only to support the steady increases in new hotel stock. We'll continue to look for a pathway forward on this important project. With new air routes imminent to our outstanding airport, the aforementioned increases in high quality hotel room inventory and the work of the Bureau with partners to attract more business events contribute to a bright future for our destination. The Bureau welcomes the ongoing support by the ACT Government through VisitCanberra that sees secure Bureau funding that allows our destination to effectively compete in the business events space on behalf of industry and welcomes a commitment from government as we head into a territory election year. I would like to thank Michael and the staff at the Bureau for their hard work and also thank my fellow Directors for their time and commitment. I would also like to acknowledge the strong support of the ACT Government, particularly Chief Minister Andrew Barr. I also thank our members for your support as we remain committed to driving business events results to the Canberra region and your businesses.

MICHAEL MATTHEWS

CHIEF EXECUTIVE REVIEW

I am once again delighted with the business outcomes at the Bureau this past year, both internally and externally. With increased competition we are proud that the team at the Bureau has again achieved excellent over-budget results.

We've welcomed new team members including a role shift with appointment of a Director of International Bidding. Engaging internationally can only be done through tapping into our destination's key sector strengths, our innovative universities and leading institutions, while also increasing focus on our core national business. Strong industry participation through Top Secret 2019, Canberra on Show, PCO famil and more tradeshow participation continues to deliver strong results. I encourage your businesses to fully engage in the benefits of Bureau membership and destination-first tradeshow and sales and marketing activities. I've had the opportunity to be President for AACB providing a platform for Canberra to be recognised for the excellence in business events leadership and I'm pleased to say that 'beyond tourism' and long-tail benefits associated with business events are now widely recognised, in addition to the direct economic contributions. As we look ahead to the 2020 election, securing ACT Government funding commitments will enable us to plan a full calendar of sales and marketing activities to grow business events and our share of national and international meetings. Looking forward to 2019-20 we must continue to compete fiercely while allocating our resources prudently, and deliver engaging marketing strategies to grow awareness of Canberra as a leading business events destination. As a small and collaborative community, we are well positioned to continue our momentum to reach our potential and rightful place as the meeting place of Australia.
